

**2ND EDITION OF BIOCOM / FRENCH BIOBEACH TRADE DELEGATION TO FRANCE**  
**HOW TO EXPAND YOUR BUSINESS IN EUROPE**

**YOUR COMPANY IS IN MEDICAL DEVICE, DIAGNOSTIC AND/OR EHEALTH, CONSIDERING EXPANDING ITS BUSINESS IN EUROPE? JOIN OUR SOUTHERN CALIFORNIA BUSINESS DELEGATION TO THE SOUTH OF FRANCE!**

**French BioBeach** is a Life Science Catalyst between France & Southern California's Life sciences companies, enabling and fostering Business Relationships.

Within the framework of our **South Bio Alliance (SBA)**, between French BioBeach & the Southern French region "Provence Alpes Côte d'Azur", we have joined forces to set up an **International Program in partnership with BIOCOM.**

**Joe Panetta & Madga Marquet** during 1st trade delegation (2013)

The Trade Delegation starting in **Nice (France)**, ending in **Marseilles (France) April 27th-30th 2015** will be led by **Joe Panetta (BIOCOM) and Stephane Richard (French BioBeach)** as well as US companies with a European Expansion Project.

**PROGRAM**

- 4-days roadshow in Southern France (from Nice to Marseille)
- Networking events with French Medtech and Diagnostics companies looking for International Partners,
- Workshop on financing and R&D incentives with EU and France officials (how to access **Free** money),
- Presentation of the French Legal and Tax Environment,
- Presentation of the Tech Transfer Office, its IP portfolio & licensing opportunities with access to funds,
- University Hospital meetings, and much more....

**Included:** Hotels, some meals, transportation  
**Your Cost:** Plane Ticket

**WHY THE SOUTH OF FRANCE?**

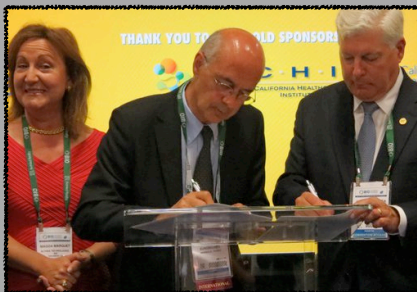

- The South of France hosts one of the most dynamic Life Sciences community with **400+ companies, 6000+ researchers** representing the **2nd Life Sciences research network in France.**
- **Largest** biocluster in France (in terms of number of members), regularly ranked #1 in France in providing R&D financing for collaborative project, Eurobiomed (Biocom equivalent) has been instrumental since its inception in providing financing worth **\$640 Million USD (€ 475 Million) to 130 successful R&D projects.**
